SOUTHEAST ASIA, June 25: Top espionage agent **Col. Nicholas Fury** (of SHIELD) was sighted in vicious combat with the mutant **Wolverine.** The object of their fight is reportedly the drug-runner and kidnapper called Bullfinch.

It has not been determined whether or not both survived the fight. The mysterious man known as ***Shiv,*** was also sighted in the region. Numerous sources have hinted at a connection between Shiv and Wolverine's shadowy past.

Several book and motion picture companies have reportedly bid for the rights to this true-to-life drama, and Marvel Entertainment will publish ***Wolverine: Bloody Choices*** by Tom DeFalco and John Buscema this June.
